- Installation services available

Northern Steel Ltd. is a dedicated company with over 35 years' experience in the mining industry. NSL has manufactured new, and refurbished existing mining equipment and structures for many of the global leaders in the mining industry, including OEM's, mine operators and mining contractors. We have built a reputation of excellence in the industry, and our company takes pride in getting the job done right, on time and on budget.

A partial listing of our mining experience includes:

- Structural steel supply and installation for mill buildings
- Complete inspection and refurbishment of mining shovels, buckets and dippers
- Apron feeders and crusher components
- Feed chute and carts
- Process equipment and platework
- Conveyors and material handling
- Tanks, pumpboxes, launders, floatation cells, cyclones, thickeners etc.
- Wear liner systems and screens
- Onsite portable line boring
